

Check out this lanternfish stick craft from the Monterey Bay Aquarium!

Materials:

- One 12"-18" stick, dowel or ruler
- Scissors
- Tape
- Glue
- Optional: Glow-in-the-dark paints and brushes

Instructions:

1. Print copies of lanternfish cutouts
2. Cut out the patterns.
3. Glue one of the lanternfish patterns to a piece of cardboard.
4. Trim the cardboard to match the fish's shape.
5. Glue the other lanternfish pattern to the other side of the cardboard.
6. Paint the light spots, or photophores, with glow-in-the-dark paint.
7. Attach the fish to the stick with tape.
